**For 50 years, we have been a community-focused accounting firm. We have grown from a small, local firm to the largest locally owned CPA firm in southwest Missouri. Our greatest asset and what truly sets us apart is our KPM family of trusted advisors, our culture and dedication to 417-land.**

**With more than 100 advisors, we have the skills and depth necessary to offer a full-service approach to every client.**

**Complementing our expertise and resources, we are still a Midwestern firm that puts clients first.**

**We remain dedicated to causes in our community and actively support non-profits through our KPM CARES program, allowing us to build stronger communities through the commitment of time, resources and expertise.**
