 ANGIE PATRICK, SHAREHOLDER; ANGIE REBMANN, SHAREHOLDER; KRISTI WILKINS, SHAREHOLDER

Empowering women to succeed has been a part of the KPM CPAs & Advisors (KPM) culture for more than 50 years. Their last two all-female shareholder classes honor those who have paved the way forward, and firmwide, they support and encourage those around them. KPM is proud to advance women across all levels of leadership, fostering an environment of helping their employees find and grow in their version of success. This ultimately is a win for all — their firm, their clients and most importantly, their professionals.

KPM is excited to continue promoting and collaborating with women in leadership. As such, "Ladies Who Launch" is a natural fit for their firm. Through this collaboration, KPM looks forward to sharing an empowering message. Help women leaders #MakeAStatement, and join KPM in saying: We are fierce, we are powerful, and we are driven by purpose.
